Skills

Technology: C# | .NET | Java | JavaScript | ReactJS | Git | Html | CSS | SQL | MS office |

Other: OOP | Data Structures and Algorithms | Android development(java) |

Soft Skills: Problem solving | Attention to details | Dependable and Reliable | Good Communication | Teamwork |

Education

Matric:

Thengwe Secondary School

Jan 2013-Nov 2017

Bachelor of Science:

Majors- Computer Sciences and Mathematical Statistics

Feb 2018-2022(graduated 24 April 2023)

Projects

Alpha Foodies: https://github.com/Nonelela4980/AlphaFoodies
It's a restaurant ordering website designed for the pandemic in 2020.
Technologies used were MS SQL, ASP.Net MVC, Html, CSS and bootstrap. The language used was C#.
My task was to implement the user interface to allow customers to order.
CRUD functionality was implemented.

To-do list: https://github.com/ye-ses/todo_list
The purpose of the project was to see what I can do with react.
Languages used were JavaScript (ReactJS), CSS and Html

Multi-calculator: https://github.com/ye-ses/multi-calculator
This project uses react to build different calculators aimed at helping school children with basic calculations and how to solve them it uses react hooks to continuously render changed states. The calculators present are the basic calculator, currency converter and the distance converter. I'm working on adding more calculators.

Certifiations

Problem Solving(basic)- HackerRank
Diploma in Web development-Shaw Academy: (99+) Ndugelo Nenzhelele | LinkedIn
Intermediate in Web Development-Shaw Academy: (99+) Ndugelo Nenzhelele | LinkedIn
